10	Percussion Lower Mic 2	Short boom stand, set mic under bucket	
11	Poarch Board (thumper)	Direct Input - No DI required, just XLR cable	

FOH Mixing Notes:

Please keep Fuzz and Carrie vocals evenly blended throughout the performance (both sing lead and harmonize together in every song)

Please do not add any delays, long reverbs or special FX (only short reverbs to enhance the room if needed)

Please keep guitars and violin from getting too bright (warm vintage tones are preferred) and mix Fuzz acoustic guitar a tiny bit louder than Carrie acoustic guitar. Guitars and bass should generally be very present in the mix.
